

Product description for the marketing of storage capacity at the underground gas storage facility Wolfersberg*

Version: 17.06.2025

1. Subject of this tendering process is storage capacity in the period starting June 21st 2025, 6:00 Central European Time (CET) until April 1st 2025 6:00 (CET)
2. The following will be put out to tender:
Lot 1 with 1.000 GWh working gas capacity
Lot 2 with 1.000 GWh working gas capacity
Lot 3 with 500 GWh working gas capacity
Lot 4 with 500 GWh working gas capacity
Lot 5 with 500 GWh working gas capacity
3. A lot contains firm storage capacity and can be used in accordance with the characteristic curve of the Gas Storage facility. The Gas Storage facility can be used flexible, without seasonal restriction and offers a short preliminary lead time for the switch of the operating mode (two hours each)
4. Storage capacity
 - a) maximum injection rate (decreasing according to proportionate storage curve)
Lots 1 - 2 **435,0 MWh/h**
Lots 3 - 5 **217,5 MWh/h**
 - b) maximum withdrawal rate (decreasing according to proportionate storage curve)
Lots 1 - 2 **656,0 MWh/h**
Lots 3 - 5 **328,0 MWh/h**
5. ~~The submission of prequalification documents (KYC documents – see download area “current marketing measures”) has to be carried out xx.xx.yyyy latest.~~ This clause does not apply due to the short lead time.
6. Bids must be submitted bindingly on Tuesday, 17 June 2025 from 13:00 to 14:00 (CET) with a binding deadline of 15:00 CET using the ‘Bid Submission’ (“Angebotsabgabe”) form.
7. bayernugs informs the successful bidder via E-Mail until 15:00.
8. Storage clients have to provide, in addition to the gas volumes to be injected, a gas volume amounting to 2% of the gas designated to be injected to cover the own gas demand of the storage. The storage customers are liable for payment of taxes regarding these gas volumes.
9. In addition to the above, reference is made to the obligation of the storage client to meet the statutory minimum storage levels. The obligation to fulfil the legal requirements for storage levels is mentioned.
10. The above product specifications are subject to restrictions due to possible maintenance times as published on bayernugs’ website.
